SPEED YOUR OUTPUT, BOOST YOUR PRODUCTIVITY. In today's competitive business environment, you need more work at less cost — and the bizhub® 282 speeds your document output, moves information faster in more directions, and gives you scalable options to grow on. You can print and copy in B&W at up to 28 ppm, with the Emperon® Print System for built-in Windows Vista® and Mac® functionality. High-speed fax and auto finishing options can be added to suit the needs of your application. Best-in-class security features protect valuable data in today's networked environment, while PageScope® software provides seamless management for documents and devices — and sleek center-of-office styling looks good anywhere in your office.

- Sleek Dark Cabinet Design, Small Footprint
- Emperon® Print System with PS/PCL Emulation
- ISO 15408 Certification, Enhanced Security Protection

If the optional item is added after the base machine is installed, 40% of the MSRP for that optional item will be divided by the number of months remaining on the base machine. This number will then be divided by the last 12 month's average monthly volume to determine the factor to be added to the base cost per copy for the balance of the contract.
