PS-503 (PostScript 3 kit)	\$1,500	\$900.00	\$15.00	0.00008

If the optional item is added after the base machine is installed, 40% of the MSRP for that optional item will be divided by the number of months remaining on the base machine. This number will then be divided by the last 12 month's average monthly volume to determine the factor to be added to the base cost per copy for the balance of the contract.
